VANCOUVER (B. C.) Oct. 31.—The completion of the line between Vancouver and Brisbane was accomplished at 7 o'clock last night, although the first message did not get through until this morning, when the announcement was made that the one dream of the imperialists was a reality. The cable is still in the hands of the contractors, and it will not be open for business for about three weeks. During that time it will undergo an elaborate system of tests in order that the officials may see that it is in thorough working order before being taken over from the contractors.

The section between Bannock Creek and Panning Island, which is the longest in the world, has already undergone a series of tests and proved entirely equal to expectations. The great question in the success of the cable, was over this enormous stretch, but it was found by a recent test to give a speed of over 100 words a minute with the Desjardes transmitter. Actual time occupied in the transmission of a message from this city to Sydney, Australia, will be less than five minutes in the case of a short commercial message, and this time will, of course, be mainly occupied in the repetition of the message at Bannock Creek, Panning Island, Norfolk Island and Brisbane.

(BY THE ASSOCIATED PRESS.—A.M.)  
LONDON, Oct. 31.—The last section of the British Imperial Pacific cable was laid at the Fiji Islands yesterday. A congratulatory message to King Edward reached Brisbane, Australia, this morning, being the first message sent over the line which links the British empire together.

(BY THE ASSOCIATED PRESS.—A.M.)  
OTTAWA, Oct. 31.—Sir Sanford Fleming received today the following telegram over the Pacific cable from President Wilson of the United States: "October 31, 1902.—Delighted to congratulate you on completion of great work of Pacific cable, thus rewarding your interest and labor and forging further the link to advantage of our empire."

(BY THE ASSOCIATED PRESS.—P.M.)  
SANTA ROSA, Oct. 31.—The big winery of the Italian-Swiss Agricultural colony at Astoria, the largest in the West, which is insured for over a million dollars, had a narrow escape from destruction by fire last night.

A car of wine and one of brandy were drawn up on tracks alongside the building early in the afternoon, and during the night the former was found to be on fire. The hands were called up, and the car of brandy was cut off, but the men could not budge the wine car, which was entirely consumed. It stood only a few feet from the main building, but by Herculean efforts the structure was saved.

The huge doors were burned through, and the only reason the building was not destroyed is the fact that it was faced with concrete. The men fought the fire all night.

(BY THE ASSOCIATED PRESS.—P.M.)  
SAN FRANCISCO, Oct. 31.—Henry J. Crocker, who sued his cousin, William H. Crocker, last June to recover \$9,475, filed a dismissal of the suit in the County Clerk's office today.

At the time he brought the suit Henry Crocker accused his cousin of forming a conspiracy to defraud him out of stock in the Pacific Coast Jockey Club and also in the Western Turf Association, the said stock being valued at about \$20,000.

(BY THE ASSOCIATED PRESS.—A.M.)  
SAN FRANCISCO, Oct. 30.—A notable development of the equipment of the University of California college of medicine to consist of a great clinical hospital that will cost \$400,000 has just been proposed in a report submitted by a committee representing all interested parties in the University administration.

The proposed plan is to build in San Francisco a thoroughly equipped hospital, which shall be completely under the control of the University Medical School, and where every phase of clinical work may be presented to the students without interruption. The hospital will receive the entire time and attention of a highly-trained and experienced staff of physicians, and the routine work of teaching. The clinical departments will thus become productive departments of the universities, and the consequent increased volume of research will be directed entirely to the solution of special problems in medical science.

(BY THE ASSOCIATED PRESS.—A.M.)  
SAN FRANCISCO, Oct. 31.—The remains of Rev. Father William D. McKinnon were brought home on the transport Sheridan, which arrived in port last night from Manila. The body will be removed from the vessel this afternoon and, accompanied by a military escort, will be taken to local undertaking parlors. The date of the funeral has not yet been arranged, but will be conducted with full military honors.

Rev. Father McKinnon went to the Philippines as chaplain of the First California Regiment, and detachments of that organization will act as the military escort to the remains of the chaplain in the procession from the steamer. He was the most popular man in the regiment, and his death, which occurred in the Philippines, was a great loss to the regiment and to the military authorities. He was a devoted and efficient chaplain, and his death was a great loss to the regiment and to the military authorities.

the regiment was ordered home, and he was appointed chaplain in the regular service of the army. He became the most prominent clergyman in the islands, and did much toward organizing the public school system of Manila. During his services as chaplain of the army, he assumed the duties of superintendent of the school system. He labored heroically during the recent epidemic of cholera, and the unceasing strain of these months undermined his health and resulted in his death.

COINERS CAUGHT.  
BOGUS COIN ON THEM.

(BY THE ASSOCIATED PRESS.—A.M.)  
SAN FRANCISCO, Oct. 31.—An important capture of counterfeiters was made by the Federal authorities, aided by two men giving the names of Harold Jones and Harry Peterson, were taken into custody after a hard struggle. The men have been under surveillance for some weeks past, and according to the authorities, they were a great quantity of bogus half-dollars.

Thirteen counterfeit 50-cent pieces were found on Peterson, and one on Jones. Notice of the operations of the two was sent to this city from Seattle, and it is believed the fully equipped outfit of the stuff has been unloaded by them on the coast.

Plaster of Paris and other articles used in counterfeiting were found in their room, but no mounds, which, however, the police believe they will yet discover.

OREGON WHEAT.  
MOVEMENT TO CALIFORNIA.

(BY THE ASSOCIATED PRESS.—A.M.)  
PORTLAND (Or.) Oct. 31.—The movement of Oregon wheat to California will begin in a few days. Portland has been called upon to supply the San Francisco market with about ten thousand tons, and with the departure of the steamer Melville Dollar today the first shipment of this lot will begin. The Melville Dollar will take about 3000 tons, and the steamer Robert Deane, which was chartered by the Northwestern Warehouse Company, will carry the same amount of Oregon wheat southward.

Various amounts of wheat will be taken down by the regular coasters, and the steamer Robert Deane, and other steamers will be chartered to make special trips. Owing to the change in the relation of wheat prices on the Pacific Coast and at Chicago it would not be surprising if there were what was a movement of wheat westward from this city to Sydney, Australia. A San Francisco grain dealer is reported to have asked for an offer of 250,000 bushels of Manitoba wheat laid down on Puget Sound.

BRIEF COAST DISPATCHES.

Barnett's Condition Critical.  
SAN FRANCISCO, Oct. 31.—Lloyd Barnett, the young medical student who was injured on Wednesday while playing baseball, by the breaking of a bottle of carbolic acid in his pocket, which burst, his body severely injured, is in a precarious condition at the Park Emergency Hospital. His right leg, from the ankle to the knee, is burned deeply, and the physicians say his whole body is poisoned by the chemical. Barnett's home is in Stockton.

Bold Attempt at Robbery.  
SAN JOSE, Oct. 31.—This afternoon a bold attempt at robbery was made on the interest of the Santa Clara Wine Company. Three men entered and while two engaged the attention of the bartender in the rear, the third man with a knife began work on the safe in the front of the store. He was detected just as he succeeded in forcing the door open, and snatching a roll of greenbacks. He was chased several blocks and caught. He gave the name of Billy Brown. His confederates escaped.

Claim Valuable Property.  
SAN JOSE, Oct. 31.—The heirs of Garrett Welch, a deceased pioneer have laid out a track alongside the heart of the city, bounded by Santa Clara, Locust, San Fernando, Orchard streets, and the car of brandy was cut off, but the men could not budge the wine car, which was entirely consumed. It stood only a few feet from the main building, but by Herculean efforts the structure was saved.

The huge doors were burned through, and the only reason the building was not destroyed is the fact that it was faced with concrete. The men fought the fire all night.

Preferred Death to Blindness.

SAN FRANCISCO, Oct. 31.—Despondent because of his failing sight, Mrs. Helena Mering, aged 62 years, committed suicide last night by hanging herself at her home.

Result of Saloon Brawl.  
SAN FRANCISCO, Oct. 31.—Thomas Dillon, a young laborer, is in the City and County Hospital with his skull fractured and the chances are that he will not recover. While Warren Powers, another young man, is being held by the police as responsible for Dillon's precarious condition. Powers was arrested last night in a saloon at Sixteenth and Mission streets, where, it is alleged, Dillon sustained the injuries that may cost him his life. It is not known whether Powers was a brawl, but whether Powers struck Dillon with his fists or with an instrument of some kind remains for the investigation of the authorities to disclose.

Circumstances Indicate Murder.  
MARTINSVILLE, Oct. 30.—The dead body of Frank Powers, a resident of Yuba City, was discovered late this afternoon in his room over C. A. Duncan's store. Circumstances strongly indicate murder. Powers had not been seen for four or five days and it was thought he was in the country. Upon entering the room this afternoon, Duncan found his partly decomposed body lying in the middle of the floor, near a chair, as though it had fallen. On the side of the head was a large wound as though made by a blunt instrument, and an investigation developed that Powers' money and watch were missing.

Will Hold Water Carnival.  
SACRAMENTO, Oct. 30.—It has been decided to hold a spring festival and water carnival in this city the second week in next May. A real lake will be formed in Agricultural Park for canoe, skiff and tub races, which will take place day and night, and the entire park will be brilliantly lighted by electricity. Horse racing by members of the Sacramento Driving Club will be given at night, under the glare of electric lights.

Demented Woman's Frank.  
SACRAMENTO, Oct. 30.—Today a demented woman named Ella Burns invaded the residence of William Beckman, president of the People's Savings Bank, and former member of the Board of Railroad Commissioners, during the absence of Mrs. Beckman and took possession. The woman refused to vacate, and when pressed to do so ran upstairs and into Mrs. Beckman's boudoir, where she shot the bolt. Two policemen were finally called in, and after scaling one of the veranda columns entered the room and ejected the invader. She had disturbed nothing in the room.

The presence of the malady was made known to Health Officer Von Adelung shortly after 7 o'clock last night. Guards were immediately secured, and a yellow flag placed in the doorway to show that the place was in quarantine.

Drawn into the Machinery.  
OROVILLE, Oct. 31.—Norman L. McKenzie, who was employed on the Marigold dredge near here lost his life this morning by being caught in the machinery. He was drawn into the gears of the machinery while the dredge was still running, and was caught by his blouse and drawn into the machinery.

Verdict in Damage Case.  
MARTINSVILLE, Oct. 31.—The jury this evening in the suit of J. A. Speed, against the Maryville Gas and Electric Company for \$15,000 damages for the death of his son, caused by a high-power wire, returned a verdict for \$400.

Death of Barnett.  
SAN FRANCISCO, Oct. 31.—Lloyd B. Barnett, the dental student who was scalded by carbolic acid while playing baseball yesterday, died at the Park Hospital today. His father came from Stockton this morning, and was with him when he died.

Freight Train Derailed.  
SALINAS, Oct. 31.—It is reported here that the west-bound through freight train, which was derailed on the ascending grade near La Cuesta. Travel will be delayed several hours.

British Ship in Peril.  
PORTLAND (Or.) Oct. 31.—A dispatch to the Merchants' Exchange from Astoria says a British bark in ballast is anchored in the breakers off the coast. The bark is the *Albatross*, and is being blown down, and distress signals are being sent. The life-saving crew has gone to her assistance.

THRILLING RIDE  
ON CALIFORNIA LIMITED.

BRAKES DISABLED, THE TRAIN  
DASHES DOWN STEEP GRADE.

For Twenty Minutes the Dreadful  
Suspense Continued, and Over a  
Hundred Panic-stricken Passengers  
Wrestled With the Fear of a Violent  
Death.

(BY DIRECT WIRE TO THE TIMES.)  
DENVER, Oct. 31.—(Exclusive Dispatch.) Railway men are recounting with interest the thrilling ride of the crew of the California Limited Thursday morning, down the Tennessee Pass, the steepest grade on the entire line of the Denver and Rio Grande Railroad, which boasts of some of the worst hills in the world.

Just after passing the crest, the engineer found he had lost his air, and that the train was doomed, unless it could be held to the rails for the run of the next half hour. Whistles called for hand brakes, but they were feeble and futile, in such an emergency, for the headway was too great to be checked.

The rushing of the train through the cars caused a stampede of passengers, who were not in the sleepers, and a panic ensued. Over a hundred people dashed for the platforms, hoping to jump and escape before the final crash came. They found themselves penned in on the platforms, without any knowledge of the means of opening the vestibules, and thus they were prevented from sure death.

Twenty miles was made in less than as many minutes, and when the train slowed down at Fonda, the crew, through nervous tension, was so exhausted that the train was held until a relief engine came to haul it to Minturn.

HONORS FOR GENERALS.  
LONDON, Oct. 31.—A long list of honors and promotions in recognition of South African services was gazetted today. Lord Methuen is made a Knight of the Grand Cross of the Order of the Bath. General Buller is made a Knight of the Order of the Bath. General Buller is made a Knight of the Order of the Bath.

MANILA, Oct. 31.—(By Manila Cable.) Gen. Miles, who reached here today on the United States transport Thomas from San Francisco, disembarked at 10 o'clock a.m. A salute in his honor was fired from Fort Santiago. Gen. Miles and a squadron of cavalry met Gen. Miles at the landing place in Manila, and escorted him to the palace, where Gov. Taft and the other members of the Civil Commission awaited the visitor. Gen. Miles has accepted Gov. Taft's invitation to live at the palace while here.

The garrison in Manila, will be reviewed by Gen. Miles tomorrow. The general will then proceed to Dagupan, where he will visit Col. Davis of the Fifth Infantry. Gen. Miles' old regiment. He will return to Manila Sunday.

The general's plan for a tour of the archipelago has not yet been completed. MOROS GETTING WISE.

(BY THE ASSOCIATED PRESS.—P.M.)  
MANILA, Oct. 31.—A telegram has been received here from Gen. Sumner at Zamboanga, saying he is disposed to give the Barcelo Moros more time in which to make peace before capturing and destroying their towns.

(BY THE ASSOCIATED PRESS.—A.M.)  
ST. LOUIS (Mo.) Oct. 31.—Edmund Bersche, former member of the House of Delegates, was found guilty today of perjury in his testimony before the grand jury, as to the \$15,000 bond fund raised to secure the passage of the suburban franchise bill, and given five years in the penitentiary.

The defense rested at noon, and after brief arguments the case was given to the jury, which deliberated but a few minutes.

Mr. Butler, bondsman for Bersche, failed to appear after the conviction of the defendant, to sign a new bond, and Bersche was committed to jail.

The grand jury returned three indictments against Bersche, two for bribery and one for perjury, the case in which he has just been convicted. Circuit Attorney Folk will ask that the sentence be deferred, and Bersche will be brought to trial on the other charges as rapidly as possible.

Reinforcements Under Gen. Velasco  
Arrive at Colon—Conflict Between  
American Marines at Panama and  
Government Officials and Troops Nar-  
rowly Averted.

(BY THE ASSOCIATED PRESS.—P.M.)  
COLON, Oct. 31.—(By South American Cable.) A detachment of 1200 government troops, commanded by Gen. Lucio Velasco, arrived here today from Savannah in the department of Bolivar. The steamer also brought a telegram from Gen. Uribe-Urbe to his wife at Bogota. This message was dated Rio Pito, October 28, and said the writer was safe and about to sign a treaty of peace to include the entire departments of Bolivar and Magdalena. Gen. Uribe-Urbe said he expected to reach Bogota shortly.

The news of Uribe-Urbe's surrender has well calculated to dampen the spirits of the revolutionists. The arrival of the 1200 government troops this morning, the first installment of the reinforcements destined for the isthmus, is also another great set-back to rebel hopes.

It is understood that Admiral Casey now authorizes the transportation on the railroad of Colombian troops and ammunition across the isthmus.

Last Wednesday a serious fracas all but occurred at the railroad station in Panama between American marines on guard there and government officials and troops. The Colombians tried to remove from the station six loads of ammunition which had come in from Colon, but the marines prevented them from doing so. The ammunition was subsequently delivered to the government.

TROOPS FOR CASTRO.  
MARCHING TOWARD VALENCIA.

(BY THE ASSOCIATED PRESS.—P.M.)  
WILMESTAD (Island of Curacao), Oct. 31.—(By South American Cable.) One thousand Andino troops from Maracaibo, Venezuela, disembarked at Puerto Cabello today and marched at once to Valencia to join the government forces there, which number about 2500 men. They will attack the revolutionists from the rear according to present arrangements, at the same time that government forces under President Castro attack the enemy in front.

President Castro has left La Victoria and gone in the direction of Villa de Cura. He left only 1700 men at La Victoria.

His report has reached here that forces under Gen. Gomez have been routed with heavy loss by insurgents near San Mateo, Gen. Gomez is Vice-President of Venezuela, and has been operating with President Castro.

FLASHES FROM THE WIRES.  
Judge Wing of the United States Circuit Court sitting in Cleveland, O., took the case suit from the jury and instructed them to find for the defendants, known as the Cleveland heirs. The latter have been in possession of the estate, worth many millions, since the death of Leonard Case, twenty years ago.

Mrs. Charles Gadsby, wife of a guard at the Lansing penitentiary, who has been operating a hair-dressing establishment at Atchison Kan., shot George Denham, an electrician, twice yesterday, but failed to kill him. Mrs. Gadsby asserts that Denham forced his attentions upon her.

R. O. Randall, a real estate dealer of Chicago, was shot at Joplin, Mo., yesterday and killed. Mrs. Randall sued for divorce, and when the couple met at a lawyer's office in Joplin a quarrel ensued. Randall drew a knife and attempted to stab his wife, when she shot him five times. Mrs. Randall relied in bankruptcy at New York yesterday. The liabilities are placed at \$202,885, unsecured, and due chiefly to banks on accommodation paper.

(BY THE ASSOCIATED PRESS—P.M.)  
SAN FRANCISCO, Oct. 31.—For seven innings the home team and the Looleos ran neck and neck today, with a single tally credited to each. It was a closely-played contest, with pitchers doing superb work and the fielding being excellent.

With the score still tied at the opening of the tenth, the locals made themselves familiar with the curves tossed up by the opposing pitcher, and three hits aided in bringing home four runs, which decided the game.

SACRAMENTO, Oct. 31.—Had Stricklett's arm been all right, Lohman's men would never have crossed the plate in today's game. In the second inning Stricklett forced a run across the plate on balls, and in the seventh a wild pitch scored another. The game was a grand contest up to the seventh inning, with the score 1 to 1. In the seventh Graham, who had been twirling superb ball, was found for fault. Stricklett, including a home run by McLaughlin, and the game was won. Snappy fast doubles were the feature of the game, which was called at the end of the eighth inning on account of darkness. Score:

JACK JOHNSON'S VICTORY.

FIGHT GOES TWENTY ROUNDS.

(BY THE ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, Oct. 31.—George Gardner went out of his class tonight when, with his 155 pounds, he went against Jack Johnson, a colored heavy-weight from Los Angeles. The latter tipped the scales at more than 165 pounds, and to this can be attributed, more than anything else, his victory. The negro's skill and footwork were a surprise to the small crowd present. The betting up to the call of time had been from 3 to 1, to 10 to 1, on the Lowell pugilist. The easterner stood punishment that would have put the average fighter out long before half the distance had been traveled. Time and time again Johnson landed right and left all over the head and body with apparently little effect on the white man.

The first rounds were a forecast of the entire fight. The Los Angeles man, with his strength, easily withstood Gardner's attempts to force the fighting, and in the mix-ups Johnson generally fared the better. In only one or two rounds could Gardner be said to have held his own, and in none did he have a noticeable advantage.

In the fourteenth round Gardner either partly fell or was knocked down, and the colored man earned the applause of the crowd by assisting Gardner to his feet. This was the only sign of any damage on either side, although in both the nineteenth and twentieth rounds both were fighting hard and left numerous openings which were not made use of.

In a good preliminary "Dixey Kid"

of Los Angeles knocked out Henry Lewis of San Francisco in the tenth.

"TONY, THE BOOTBLACK."

IN JOCKEY CLUB'S HANDS.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Oct. 31.—(Exclusive Dispatch.) All entries from the stable of A. L. Asst, better known as "Tony," the Bootblack, have been ordered refused at this track, and his case has been placed in the hands of the Jockey Club. President Reilly of Queens County Jockey Club issued the order this afternoon after Plater, one of Asst's horses, had won the Lyndbrook Handicap.

Two days ago, when Plater ran, he was badly beaten out. He was a hot favorite on that occasion. Today, Plater, who was an added starter, and quoted in rings at odds of 6 to 1, jumped to the front at once and, leading all the way, won in handy fashion. He beat such good ones as Lady-Alberta, Mackey Dwyer, Never More and several others. The reversal of form was so marked that President Reilly acted at once.

Asst has raced a string on the Metropolitan track for several years. It became conspicuous last year, when he sold Nasturtium, a 2-year-old, to William C. Whitney for \$50,000. Nasturtium was sent abroad to bid for the Derby, but broke down and was returned to this country a "roarer."

CRESCUS CLIPPED IT OFF.

NEW TWO-MILE RECORD.

(BY THE ASSOCIATED PRESS—P.M.)

MEMPHIS (Tenn.), Oct. 31.—Crescus this afternoon was sent against the world's two-mile trotting record of 4:23.4, held by Onward Silver, and without apparent effort completed the circuit twice without a break in 4:17, clipping 114 seconds off the former record. Both the horse and Ketchum, who drove him, received an ovation from the large crowd present.

Crescus appeared shortly after 2 o'clock and after scoring twice, Ketchum, an added for the work, accompanied by a runner, Crescus went to the quarter in 1:39. Straightening out for the wire, Ketchum sent him at a lively clip, the three-quarter pole was passed in 1:39. Straightening out for the wire, Ketchum sent him at a lively clip, the three-quarter pole was passed in 1:39. Straightening out for the wire, Ketchum sent him at a lively clip, the three-quarter pole was passed in 1:39.

At the mile and a quarter, Crescus seemed to increase his speed. The pole was passed in 2:44, and the mile and a half in 3:13. The last three-quarters pole was passed in 3:45, and the two miles was covered in 4:17 flat. Crescus held the last mile faster than the first.

Another brilliant performance was that of Prince Alert, who went against the pacing record for geldings of 2:00. Driven by Demarest, the horse moved away like clockwork, reaching the quarter in 0:59, the half in 1:59, the three-quarters in 1:59, and beating the former record by three-quarters of a second, the time for the mile being two minutes and five seconds.

Crescus will be shipped to Atlanta in a few days, where he has engagements.

With the score still tied at the opening of the tenth, the locals made themselves familiar with the curves tossed up by the opposing pitcher, and three hits aided in bringing home four runs, which decided the game.

## CREASINGER COMING HOME VERY SOON.

### FRESH BARREL OF MONEY WILL THEN BE ON TAP.

Absent Financier Wires from New York That He Has Closed Deal for Rescuing Red Cloud Mine—Good Cheer for Anxious Creditors.

People who have been worrying about the prolonged absence of S. P. Creasinger will be soon to learn that he says he will soon return to Los Angeles, with a fresh barrel of money.

The date for his arriving is set for about November 15, and it is said he will bring with him ample funds to carry out his great enterprises, and to satisfy the claims of the numerous creditors, who attached some of his property during his stay in the East.

Mr. Creasinger has been in New York for some time, promoting a mining deal. He telegraphed his family yesterday morning that he had succeeded in his endeavors, and would start for home within a few days.

The coming of the financier to Los Angeles is always fraught with interest to other parties than themselves. This is particularly the case when a large number of small investors have their savings involved in the transactions of a migratory financier.

Mr. Creasinger's recent departure for the East several weeks ago, followed by the levying of an attachment on some of his real estate holdings, caused some apprehension, lest the "man with the barrel of money" was in difficulty, and would bring ruin to some of the many people who had trusted him, or at least result in some loss to his creditors. It is even hinted by some that Creasinger would never come back.

W. H. Shinn, Creasinger's attorney, stated yesterday that all such fears were idle, and that insinuations that he was trying to evade any of his creditors, were entirely unwarranted by the facts. There was no just ground for suspicion of his acts or movements.

**PLENTY OF ASSETS.**  
"Mr. Creasinger has assets to pay all his liabilities, dollar for dollar, three times over," said Mr. Shinn, "and not one of his creditors will lose a cent. He has been at the Astor House, New York, for the last week or two, and will be in Los Angeles about the 10th of November, to straighten out everything. As a matter of fact, he owes very little, considering the magnitude of his business. There is no occasion for alarm over what has occurred during his absence."

Mr. Shinn then went on to explain that Mr. Creasinger started East rather hurriedly, on account of the sale of some real estate that he owned in Pennsylvania, by one of his agents. He went there to sign papers in the deal, and to get the money, amounting to some thousands of dollars. From Pennsylvania he went to New York City, to interest capital in the Red Cloud mine, which has been shut down for some time, on account of lack of funds to complete the pipe line for conveying an ample supply of water to the mine for its successful operation.

**SALE OF MINING STOCK.**  
"Mr. Creasinger has telegraphed us that he has closed a deal, by which the necessary capital for resuming operations at the mine is assured, and we forwarded to him last night 50,000 shares of Red Cloud stock, which he has disposed of in New York, before returning from the East. He will complete arrangements for finishing the pipe line from Corn Springs to the Red Cloud mine, a distance of about eight miles. This will give the company about sixty-five inches of water for milling and mining operations, and the last essential for starting up the mine and operating it on a large scale will then be supplied. The mine is already well equipped with machinery; there are 5000 or 6000 feet of shaft sunk, and the mine is seven miles of ore, running from 14 to 1400 to the ton, and I am informed that the mine will easily produce \$20,000 or \$40,000 a month, when properly equipped and operated," said Mr. Shinn.

**LITTLE TO STRAIGHTEN.**  
According to the statement of Attorney Shinn, there is very little straightening to be done. He says there is no question of the solvency of his client, and his ability and willingness to satisfy all creditors.

Besides the Red Cloud mine, there is among Creasinger's assets the famous Matijia Springs property, in Ventura county, upon which he is alleged to have spent \$20,000 in improvements in the last year, and which is said to be free of incumbrance. He has also an orange grove of sixty acres at Covina, which will yield a crop worth \$5000 or \$10,000 this year. There is also much other real estate and mining property in Mr. Creasinger's name.

**CRUEL WOMANKIND.**  
Despite Agitation of the Bird Lovers, Dead Birds are Still Used to Adorn Nets.

[New York Commercial.] In spite of recent triumphs of the Audubons, the glass eyes of dead parrots are seen hanging reproachfully over the brims of some fall hats, and millinery shops reveal that morose-like appearance that the bird lovers of the world have known since the time that ome their creation to the manufacturer of millinery goods rather than to that of all manufacturers, nature; but they wear the hues of life, and are proof of the fact that women still look upon birds from a millinery standpoint. It is said that women dress to please men, yet few men can be found who admire these millinery monstrosities, and some go so far as to say that not only does reality bear the name of woman, but that cruelty also stalks about under the same sobriquet. And what proof is there? Of course, few bird buyers are conscious of any intentional sanctioning of cruelty, and they buy a stuffed owl with as few ethical scruples as they give to the selection of mauve roses. But the warning voice of the Audubons has not so long been heard in the land that ignorance in this matter is no longer looked upon in the light of innocence, and the woman who puts a dead bird in her hat takes her moral life in her hand.

SUITS TO CONDEMN POSTOFFICE SITE.

UNCLE SAM REALLY WANTS THE LAND, YOU KNOW.

District Attorney Valentine After Four Lots on Main Street and the Court Will Put a Value on Them for the Owners.

Yesterday in the office of the Federal courts United States District Attorney Valentine filed a suit on behalf of the government to condemn four lots adjoining the south of the site of the old Federal building on Main street. The lots are 12, 13, 14 and 15, in Block C, of the Rivera and Vignola tract.

The papers set forth that the land is wanted as "in the opinion of the Secretary of the Treasury, it is necessary and advantageous to the government for public use in connection with the construction, erection and maintenance of a Federal building."

This disposes of the question of what the government purposes doing for the acquisition of land necessary to carrying on the new postoffice as planned under the increased appropriation, for which the Main-street property owners asked such a high price.

The defendants named in the complaint are Oscar T. Bacon, Frank C. Bacon, T. L. Bacon, George Peterman, Mary Peterman, M. P. Olin, T. J. Darnold, Jacob Schaffer, Mrs. J. Brown, Mrs. H. M. Neill, W. M. Loftis, T. J. Cunningham, P. J. O'Connor, T. W. Brotherton, Henry Hagemann and United States Mortgage and Trust Company, which has a lien on lot 15 and northern ten feet extending from front to rear of lot 14.

**TOTAL ABSTAINERS.**

Regarded as Super-Standard by Insurance Companies—Expert Warns Companies Against Moderate Drinkers.

[New York Post.] Efforts are being made abroad to organize total abstainers into what is known as a "super-standard class of life risks. The movement is the result of a careful investigation into the death losses of life companies, with the result that much valuable data has been accumulated to show that persons who do not use alcoholic beverages make altogether an insurance company to have. The subject has been studied before by actuaries in this country, and although authorities are not in agreement as to the exact effect of such indulgence the feeling is general that it adds materially to the mortality risk. In case where policyholders have been attacked with a serious disease it has been found that the chances of recovery favor those who do not use stimulants of any kind.

One foreign expert cautions the companies against making any allowance for even moderate drinking. This, he says, may easily lead to excess. He adds: "The outlook for a man who should fall ill with typhoid fever, diphtheria, pneumonia, heart disease, diabetes and affections of the liver is bad enough under the best circumstances, but if the patient is an intemperate man his hope for recovery is reduced very materially, and the fight for life is desperate. If not hopeless. Every physician who has had much emergency hospital practice, or even private practice, among the intemperate, can assent to these statements. We know that men who follow hazardous occupation are frequently liable to injuries. In case the party injured is temperate his chances for recovery from the injuries and the surgery incident thereto are far in excess of the man who uses intoxicants."

**REFUSES TO GRANT APPEAL.**

ST. PAUL (Minn.) Oct. 31.—Judge Safford in the United States Circuit Court of Appeals today refused to grant an appeal from the decision of Judge Caldwell in the United States Circuit Court, for the District of Colorado, which ordered that a meeting of the stockholders of the Colorado Fuel and Iron Company, under the supervision of a special master, appointed by the court, be held December 10, for the annual election of directors and officers.

RICH ITALIAN  
IS A PUZZLE.

Eats Garbage and Goes  
Often to Jail.

Republican Ticket Has  
Splendid Show.

Fires of a Queer Fakeress  
Still Burn, but Deluge  
Comes Not.

SPECIAL CORRESPONDENCE OF THE TIMES.  
PHOENIX (Ariz.) Oct. 30.—John Bender, an Italian laborer in Phoenix, is one of the puzzles of the city. He spends about half his time in the City Jail on sentences inflicted for plain drunkenness and when searched on arrest is usually found in possession of certificates of deposit aggregating thousands of dollars. His home is in a local bank, yet rarely pays a fine, preferring to serve out a sentence, and more usually secures his meals from the garbage barrels than from any other source. When he works as a common laborer, his brother, a mayor of a considerable town in Italy, has written, asking that he be sent home by the authorities. Bender is now in the territorial insane asylum, though he is understood to be suffering only from the effects of an attack of delirium tremens.

GOOD REPUBLICAN OUTLOOK.  
As the day of election draws near, prospects are brightening for the election of the Republican candidate for Delegates to Congress and locally for the election of a considerable party at least, of the Republican county ticket. Robert E. Morrison, the Republican candidate for Delegate to Congress, is touring the southeastern part of the territory, and is meeting with most gratifying receptions, even in districts which heretofore have given heavy Democratic majorities. W. F. Nichols, chairman of the Republican Territorial Central Committee, predicts that Morrison will be elected by something over 50 majority, which would constitute a veritable landslide from the Democratic majority last election of 1900.

Ostora Gibson of Tombstone, Prohibition candidate for Delegate to Congress, is doing a little campaigning more in an educational way, as he himself admits, than in the hope of election. The Prohibitionists have made gains in Arizona, particularly in the way of securing acceptance of their views in a number of rural localities in Maricopa county, but the total number of votes cast for their ticket is not expected to pass 200. Guessing on the result of the election is made more than usually difficult through the fact that the registration will be of little use in determining the vote. In very few counties have the Boards of Supervisors ordered registration. The result is that the registers are a duplicate of those of two years ago, with the addition of a varying percentage of new voters. It is not expected that over 10 per cent of the registration will be represented at the polls. This condition gives unusual facilities for ballot-box stuffing, which is to be carefully guarded against. In Maricopa county, the registration is 5725, an addition of 1862 names; the Yavapai county register contains 5308 names, the register for 1900 having only included 3700; Graham county has about 3000 registered, an advance of 1000; Coconino county has 1715; Pinal county has 748.

FIRE BUT NO WATER.  
Despite the refusal of the Messiah to materialize and in contempt of such a small error of prophecy as to set a date a couple of months ago for a deluge that should destroy this immortal town, the local prophets, Mrs. Julia Schaffer, still proclaim the impending destruction of the world and the gathering of the hosts of Zion in millennial fire. Mrs. Schaffer keeps her rigging up her house that it may float as an ark on the waters that shall deluge the unbelievers. She has even gone into print and thus warns against the wrath to come: "The word of the Lord is, 'I will bring fire from heaven, and it shall consume the wicked.' Give ear, O people, and hear, O earth; get ready to meet the King of Israel. He is coming to earth, to loose those appointed to death, to give rest to the weary, and set the prisoners free, and feed the hungry."

ARIZONA BREVIETTES.  
The passage of the local option provision in the district around Phoenix has resulted in the clearing out of twenty-two road houses and small saloons. One of the proprietors benefited by the occupation thus complained by advertisement in the daily press: "For Rent—A handsome collection of views in a pious neighborhood, suitable for prayer meeting. None but those of good moral standing need apply." For years it has been well known that beneath the surface of the Salt River Valley lies an enormous lake of beer, several hundred feet deep, while in a cobblestone formation, a lake whose level pumping never appears to affect. Now, it is a well known fact that near Tempe live fish have been pumped up, fish that appear perfectly normal in every way, indicating some subterranean connection with an open lake. The Phoenix Country Club has elected E. J. Latham as president and I. H. Andrews, secretary and treasurer. A committee has reported resolutions of respect to the memory of Harry L. Blay, formerly of Los Angeles, and latterly a prominent member of the club. The club is arranging for a number of golf tournaments for the early season. Gov. and Mrs. A. O. Brodie have been guests during the past few days of the citizens of the Upper Gila Valley. On the 22d inst. atatcher, they were the recipients of a reception tendered by President H. Kimball and the faculty and students of Brigham Young Academy. J. E. Campbell, who served during the Spanish and Philippine wars as one of the most efficient of senior non-commissioned officers of the Rough Riders and Thirty-fourth Infantry has been elected captain of the company of National Guard at Tempe. The grade of the Phoenix and Eastern Railroad has been completed to a point about four miles east of this city. The farmers of the Buckeye and Arizone sections southwest of Phoenix are agitating the construction of a railroad through their district and have serious hopes that the Southern Pacific may be induced to either change its main line so as to run through Buckeye and Phoenix, instead of through Maricopa, or else build a cross line that shall reach Phoenix from Gila bend. The lower valley farmers are in earnest over the matter, and have guaranteed a right of way and other

encouragement to any railroad that would build to them, whether it be the Southern Pacific or one of the many projected San Diego roads. Dr. J. M. Evans of this city, held at Youngstown, O., on a charge of fraud and larceny, has been transferred into the custody of officials of Pennsylvania and has been taken to Pittsburgh to stand trial. The main charge against him is that he received \$55,000 from the stockholders of the Keystone Gold Mining Company for the purchase of the Great Scott group of mines, and that he secured the mines for \$45,000 and pocketed the balance. C. H. Krone, a young man held in Phoenix for obtaining money under false pretenses, has been discharged after imprisonment of about two weeks. His father, a banker of Long Branch, N. J., came to Phoenix and straightened out his son's indebtedness, which was found to amount only to \$125.30. The pair left here for Los Angeles, where the father expects to straighten out a number of financial obligations that the son contracted and failed to settle. Theodore Olea, a registering officer, has been arrested on a charge of illegal registration, on evidence furnished by the Republican Central Committee. Olea was bailed out by the chairman of the Democratic County Central Committee. Henry Ellers, who killed his wife and then committed suicide at Imperial, was formerly a resident of the Salt River Valley, near Phoenix. Though of respectable parentage, he developed a bad streak early in life, and had the reputation of being a common thief when merely a boy. In 1888 he was convicted for the theft of a saddle, and thereafter served a two years' term in the penitentiary at Yuma.

STANFORD UNIVERSITY.  
General Meetings to Be Held to Stimulate College Spirit—Reminiscences of the Founder.  
(SPECIAL CORRESPONDENCE OF THE TIMES.)  
STANFORD UNIVERSITY, Oct. 28.—Dr. Jordan tonight issued the following notice to professors and students: "On alternate Wednesday mornings, beginning with November 6, there will be a general meeting of students and instructors in the assembly hall from 10:15 to 11:15. All students are expected to be present, and members of the instructing body are urged to be present also. University exercises will be suspended for the hour in question, and the library and laboratories will be closed for the hour. The meetings and exercises will be of an interesting character, including addresses and music, and it is hoped that all men and women in the university will make it a point to attend the meetings and so contribute to their interest and success. The above is the result of much energetic work on the part of several professors. It was pointed out that the Stanford spirit is not as strong as it should be, and that there is great need to unify the undergraduate body. The gathering will be orderly in every way. There will, however, be plenty of noise in connection with the singing and yells. Instructor Eugene Soule tonight delivered an address. He chose as his subject, 'Leland Stanford in California.' The speaker told of the Senator's early childhood; of his political accomplishments, and of the great railroad problems which he solved. He had charge of the first railroad construction party in the State. The speaker was associated with Leland Stanford from the time of his arrival on the coast until his death. He was thus enabled to give personal experiences which had never been heard by the public before. This is the last Tuesday evening lecture that will be given here, the university meetings replacing them. For the first time this season, the students were barred from watching the football practice. The coaches today announced that from now on until the Berkeley game, practice would be secret. Manager Edwards today announced that he had completed arrangements with the University of Utah, for a game of football. The game will be played at Salt Lake City on Thanksgiving Day.

RELENTLESS FRENCH ASSESSORS.  
SPECIAL CORRESPONDENCE OF THE TIMES.  
QUINON (France) Oct. 18.—French tax assessors, always famous for extracting the utmost farthing of sums to which they consider the State has the slightest possible claim, have just surpassed themselves by collecting death duty on the fortune of a poor peasant's thirteen-year-old daughter, who died recently. The little girl's name was Raymonde Rabbaud, and when she died, her father nor her four little brothers and sisters dreamed that she had been possessed of a "fortune," on which the government would care to levy a tax. The vigilant tax assessors, however, happened to discover that little Raymonde once had won a dollar at a school prize, and that her teacher had deposited that sum to her credit in a savings bank. Upon this "legacy" the assessors levied death and succession duties amounting to nearly \$5, which Raymonde's peasant father had to pay.

## THE CITY IN BRIEF.

## NEWS AND BUSINESS.

## "The Stones Crying Out."

Tomorrow afternoon at 3 o'clock Dr. E. A. Chapman will deliver his famous lecture under the above title at the Y. M. C. A. Auditorium. It is free to all and a general invitation is extended. It is an archaeological lecture, the result of twenty years' study of the subject.

## University Extension.

The second lecture of the university-extension course will be delivered on Saturday evening at the Woman's Club House, No. 440 South Figueroa street, by Prof. Henry Morse Stephens of the University of California, the subject being "The History of Writing History."

## Unknown Mexican Killed.

An unknown Mexican, while trying to jump on the brake rods of a moving freight train yesterday morning at Palmdale, fell under the wheels and was instantly killed. The body was removed to the undertaking rooms of Booth & Royce, where an inquest will be held today.

## The Tricky Gasoline.

Peter Yalovich, who lives at No. 1145 Castelar street, was manipulating a gasoline stove yesterday evening and an explosion followed. His right hand was badly burned in his efforts to extinguish the fire, which ignited the gasoline. The alarm was turned in and the fire was put out with nominal loss. Yalovich was treated at the Receiving Hospital.

## Sunset Club Dinner.

The first Sunset Club dinner of the winter season was held last night at Levy's, thirty-six members gathered around the board. The evening's program was of a literary nature, consisting of a paper by Robert Louis Stevenson, and a paper by Sam T. Clover on "Rudyard Kipling." Both papers were extracts from the works of the authors.

## Blue-Ribbon at It.

Francis Murphy returned yesterday from Fernando, where he conducted a series of gospel temperance meetings with great success. The student at the Blanchard Hall meeting tomorrow night will again be in charge of Miss Katharine de Vere and Charles Lamb. The people are requested to bring with them the hymn sheets freely distributed during the four preceding meetings.

## Billie's Dinner.

A. C. Billie, after spending some time recuperating at Idyllwild, gave a dinner in the banquet room of the Hotel Lincoln last Thursday evening. It was an elegantly appointed affair, and the guests were J. D. Bicknell, George J. Cochran, W. L. Dorey, and Dr. H. B. Smith, W. L. Moore, W. W. Hitchcock, George L. Cole, W. W. Beckett, William Mead, F. C. E. Mattison, H. O. Brainerd, Carl Kurtz, G. W. Lauer and Walter Lindley. Interesting short speeches were made.

There are undelivered telegrams at the Postal Telegraph Cable Co., 228 South Spring street, for F. H. Hunt and H. Hammer.

AT CHAMBER OF COMMERCE. Still more prize apples grown in Southern California have been received by the Chamber of Commerce. The San Diego chamber has sent in a display from the Julian district, where the yield is claimed to be larger and more varied this year than before. The exhibit contains Newton Pippins, Jonathans, Baldwins, White Pippins, Arkansas Blacks, Rhode Island Greenings, Bellefleurs and Baldwin King varieties; S. O. Houghton of Long Beach, Bellefleurs, Winter Pearmaines, Rhode Island Greenings and Canfields; and C. Adams of Redlands Bon Davis, Bellefleurs and Elise Pearmaines.

A "Monster Delicacy" raised in this city by A. Campbell is on exhibition. E. Darrow of Downey displays a turkey weighing a pound apiece, and W. E. Ready of Ventura shows monster Burbank potatoes.

Today there will be a special exhibition in the rooms of the Coronel exhibit at the chamber of old Spanish lace just received from Mexico. Three exquisite mantillas, and what is claimed to be the rarest bridal veil in the world. There will be special exhibits of this nature every Wednesday and Saturday.

President Story has appointed a Banquet Committee consisting of A. R. Cass, Louis F. Vetter, R. H. Howell, Frank P. Flint and A. M. Edelman. The committee to represent the chamber at the convention of the California Miners' Association to be held in San Francisco November 17 to 19, will consist of Charles Forman, T. B. Comstock, Alfred Solano, J. B. Lippincott, and W. A. Hendry.

BUT my will be interested in an article on physical culture in The Times Magazine following Sunday. It was written especially to help them care for their health.

## CAR INSPECTOR KILLED.

Charles Fritz of Santa Fe Crushed Under Wheels in the River Station Yards Yesterday.

Charles Fritz, a Santa Fe car inspector, was crushed to death by the wheels of a freight car yesterday afternoon at 3 o'clock in the River Station yards.

Three cars were being shifted from the Southern Pacific tracks to a switch, and were to be transferred to the Southern California yards. Fritz crawled under one of the cars to inspect it and neglected to put up the signal flag. A switch engine bumped into the train to couple on, and Fritz was caught beneath a wheel of the car he was inspecting, and it passed over his chest.

An inquest will be held this morning at Paul's undertaking rooms on Downey avenue.

Fritz was 45 years of age and had been living with a widowed sister at No. 220 South Avenue 18.

## HELPING THE CHILDREN.

Prof. Lorenz Operates on Two Little Sufferers from Congenital Dislocation of the Hip in Salt Lake City.

(BY THE ASSOCIATED PRESS.—P.M.) SALT LAKE, Oct. 31.—Prof. Adolph Lorenz, the celebrated Austrian surgeon, operated on two little children here this afternoon for congenital dislocation of the hip. Both operations were highly successful. There were over a dozen cases offered, but owing to the age of the little cripples, only two were pronounced fit cases on which to successfully operate.

Edwin Walker, the three-year-old son of Postmaster Walker of Riverton, was suffering from double hip dislocation. His case was disposed of in fifteen minutes. The little three-year-old Muriel Raush of this city was operated on for congenital dislocation of the left hip. This operation was finished in about two minutes.

Dr. Lorenz will leave tomorrow afternoon for San Francisco, where, it is said, several noted cases await his services.

## FATAL GAS.

Four Men Killed and Three Seriously Affected While Working in Big Sewer at Niagara Falls.

(BY THE ASSOCIATED PRESS.—P.M.) NIAGARA FALLS (N. Y.), Oct. 31.—By a sudden rush of gas, supposed to have been sulphurated hydrogen, four men were killed, and three seriously affected near the Twenty-fourth street heading of the big tunnel trunk sewer tonight.

LAWRENCE FISHER, GEORGE RHODES, colored, HUGO SWANSON; all of Niagara Falls.

WILLIAM BRADISH of Tonawanda. The seriously affected: ROMANO KOVICH, SAM FINCH, colored, MICHAEL MULROY, foreman; all of Niagara Falls.

Kovich is not expected to live. Thirteen men, comprising the entire shift were working on the sewer. They had started a heading at a new level, and had loaded a blast which was to be discharged. After loading they walked back about 2200 feet below the heading and the shaft at Twenty-fourth street, before they could reach the shaft four of the men fell to the floor of the tunnel over which a considerable stream of water was flowing. The others, becoming alarmed, pushed ahead to the shaft.

George Rhodes was ascending in the hoist when he was overcome by the gas, and fell from the bucket to the bottom of the shaft. He died from the result of his injuries.

## MARRIAGE LICENSES.

The following marriage licenses were issued from the office of the County Clerk yesterday:

Ramon Parco, aged 47, native of Mexico, resident of Hills Ferry, and Juanita Villa, aged 25, native of California, resident of Los Angeles.

Salvatore Collura, aged 28, and Giuseppe Grattia, aged 22, natives of Italy, residents of Los Angeles.

Charles H. Croft, aged 23, native of Illinois, resident of Los Angeles.

Ernest T. Ruston, aged 27, and Olive Perry, aged 21, natives of New York, residents of Los Angeles.

## DEATH RECORD.

FLANDERS—Suddenly at Reno, Nev., Oct. 29, 1902, S. K. Flanders, a pioneer resident of Los Angeles. Funeral notice later.

COTTELL—At Los Angeles, Oct. 29, 1902, Winona Cobb, aged 45 years, formerly of Muscatine, Iowa, widow of James Louis Cobb. Funeral services will be held at his late residence, 297 N. ## BEAUTIFUL SKIN

Soft White Hands and Luxuriant Hair Produced by

CUTICURA SOAP

Millions of women use Cuticura Soap, assisted by Cuticura Ointment, the great skin cure, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crabs, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes, itchings, and chafings, in the form of baths for annoying irritations and inflammations, or too free or offensive perspiration, in the form of washes for excessive weakness, and many antiseptic purposes which readily suggest themselves, and for all the purposes of the toilet, bath, and nursery.

No amount of persuasion can induce those who have once used these great skin purifiers and beautifiers to use any others. Cuticura Soap combines delicate emollient properties derived from Cuticura, the great skin cure, with the purest of cleansing ingredients, and the most refreshing of flower odors. No other medicated soap ever compounded is to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Thus it combines in one soap at one price, the best skin and complexion soap and the best toilet and baby soap in the world.

## Big San Pedro Breakwater Just Rising Out of the Waves.

The San Pedro breakwater is in sight at last. A Times photographer saw it yesterday and the results are herewith apparent. After long months of work, some of it discouraging, the great artificial sea wall, to cost a king's ransom, is rising from the waves. Active work has begun on the superstructure.

Since the commencement of operations on the breakwater, two years ago, the project has advanced without hitch, so to speak, and today it presents a marvel of good workmanship. Although not more than a third completed, the outline is plain and the results are already telling, inasmuch as the waters have been stilled considerably both in the outer and inner harbors. While the oriental commerce is not yet shared by the Southland, the Coast trade has

going vessels. Heretofore the inner harbor has been too shallow for such boats as travel between San Francisco, Hawaii and China, but with the completion of the dredging, in the language of the Walker board's report, after describing its benefits: "It will meet every possible requirement of commerce in the most complete and satisfactory manner."

Four thousand three hundred and twenty feet of trestle has been built to date on the breakwater, and 4180 feet more will be required before the terminus is reached. The breakwater proper, or where the first rock was dumped, is 1800 feet out from shore. The reason for this gap is to allow a steady stream of water to flow through the deep-sea and inner harbors, or to admit of a current. When started, the contractors only dumped rock twenty-

It creased almost twofold in the past year. The dredging of the inner harbor, for which bids were opened in Los Angeles last week, will commence about the middle of January, according to the statement of Capt. Jadin, government engineer in charge of the harbor improvement. By the time the breakwater is completed, the ocean traffic of Los Angeles will probably double.

There will be no dressed rock used in the substructure, but the outside walls of the superstructure, which is to run fourteen feet above low tide, will be finished with rock anywhere in size from eight to twenty tons and dressed.

and already two layers of rock for the outer seawall, on either side of the structure, have been carried two bents, or thirty-six feet. The derrick used in this work is very powerful, being able to handle a twenty-ton rock with ease. The work is slow and tedious, as the operations depend entirely on tide weather. The men seldom work in the forenoon, as the tide generally runs several feet above the line of the substructure.

The work on the substructure and superstructure are different. Two separate crews of workmen are employed, also two derricks. The contractors are regularly dumping rock for the sub-

### RECORD-BREAKING MONTH OF BUILDING.

OCTOBER BEATS LAST YEAR BY OVER FIFTY PER CENT.

Gradually Increasing Scale for Four Years—Big Figures, Even With Many Improvements Defeated by High Prices of Labor and Material.

The past month was a record-breaker for building in Los Angeles. The report of Julia W. Kruse, City Superintendent of the Buildings Department, shows that within that period there were issued 561 permits for buildings and alterations and additions aggregating in value \$2,412,142.

That sum is ahead of the aggregate for October, 1901, by more than 50 per cent. The figures for the months of October for the past three years are: October, 1899, 190 permits, aggregating \$204,400; for October, 1900, 192 permits, aggregating \$231,917; for October, 1901, 255 permits, aggregating \$632,724.

**BISHOP CLINTON'S ADDRESS.**  
Speaks Encouragingly at the Local Conference of the Outlook for the Colored Race in America.

The annual Episcopal address of Bishop George W. Clinton was the principal feature of the A. M. E. Zion conference yesterday.

He reviewed at length and made the most satisfactory report of the work throughout the Coast. Concerning the work in this city he said:

"At no place has there been greater improvement than here in Los Angeles. When I came here six years ago we had only fifteen members and not a church in property, but now we have 100 members and property valued at \$6000 with a debt of only \$1500 resting upon it."

Under the head of education the bishop referred to the condition of the colored people in this country at some length. He deplored the crimes committed by the victims of Lynch law in the South, but also condemned those who took the law into their own hands, maintaining that in so doing they injured the whole country.

"We must, as a race," he said, "improve our home-life, educate head, hand and heart; become Christian and acquire property, and all else will come in due time."

"Our nation never had a grander man, nor one more desirous of dealing fairly with all men than President Roosevelt. Let us hope that his life may be spared to serve our nation the present and another term."

Mrs. Minnie E. Cooper, who was shot at Pueblo, Colo., by Fred Reynolds of Salt Lake, is in a precarious condition, and the doctors have slight hope for her recovery.

### GAS-FITTERS BURNED.

One of Them Struck a Match to Find a Leak, and the Leak Found Him.

Searching for a leak in a gas pipe yesterday afternoon in the bathroom of the house at No. 510 San Julian street, G. R. Hicks, an employee of the Los Angeles Lighting Company, struck a match that he might more readily detect the point of escape. There was a loud report and in an instant the room was a whirl of flames. Before they could escape Hicks and Harry Rihfeld, a fellow-workman, were immersed in the burning gas.

Rihfeld escaped from the room before the gas had exhausted itself, but Hicks, who received the brunt of the flames, was so seriously burned that he may not recover. He is lying at the Revere Hospital with his head, face and arms in a frightful condition. At the best he will wear the scars of the fearful ordeal for life.

Hicks lives at No. 790 Gladys avenue and Rihfeld resides at No. 1615 South Grand avenue.

### COMEDY HOLD-UP.

S. P. Clark, proprietor of the Metropolitan saloon, No. 419 South Main street, and John Gilmore, who plays minor comedy parts on the stage, mistook Private Watchman Simmons for a hold-up man early yesterday morning and were in turn taken for highway-men.

Clark closed up his saloon at 1 o'clock and invited Gilmore to accompany him to his home, which is near Los Angeles and Fourteenth streets. The two men walked south on Main street and as they came to Eleventh they noticed a man on the sidewalk in front of the Huntington mansion. Clark said "Hello," and the man, who afterward proved to be Watchman Simmons,

guardian of the Huntington property, returned the greeting.

Gilmore must have thought Simmons said, "Your money or your life," for he struck out frantically with his right hand and caught the watchman on the eye.

Then Simmons decided that he was up against the real thing and he reached in his pocket for a handy bit of gas pipe. Before he could pull it out, Clark became imbued with Gilmore's idea and he rushed to the fray. Simmons was staggered by the blows before he could bring his weapon into play, but when he did he tapped Clark on the side of the head. Clark leaped from the entanglement and ran toward home, and Simmons pursued him to his doorstep.

Gilmore rushed to a telephone and notified police headquarters of the "attempted hold-up," and officers hurried to the scene. Explanations followed, and Simmons was appeased.

### EDUCATORS FAVOR SCHOOL AMENDMENT.

ARGUE FOR GENERAL LEVY FOR HIGH SCHOOL AID.

Growth of System Believed to Warrant Support by People of the State at Large, Instead of by Districts as at Present.

Educators throughout the State are working with vigor for the adoption at the polls next Tuesday of Constitutional amendment No. 4, which is first in the list of nine amendments to the Constitution proposed for adoption.

The purpose of the proposed amendment is to give the Legislature power to levy a special tax, in addition to the common school tax, for the support of high schools. It is argued that the growth of the High School system warrants its support by the State, along with primary and grammar schools, normal schools and the State University. The high schools, it is pointed out, are a natural part of the State school system, filling the gap between the grammar schools and the State University. The argument is made that the State at large should support the high schools, instead of resting the burden entirely on districts.

The following address has been prepared by the State High School Teachers' Association and is circulated generally:

**BERKELEY, Sept. 2, 1902.**  
The California High School Teachers' Association desires your active cooperation in securing the adoption of constitutional amendment No. 4. This amends section 6, Article 9, to read as follows:

"Section 6. The public-school system shall include primary and grammar schools, normal schools and technical schools, as may be established by the Legislature or by municipal or district authority. The entire revenue derived from the State school fund and from the general State school tax shall be applied exclusively to the support of primary and grammar schools, but the Legislature may authorize and cause to be levied on the State school tax for the support of high schools and technical schools, or either of such schools, included in the public school system, and all revenue derived from such special tax shall be applied exclusively to the support of the schools for which such special tax shall be levied."

"The accompanying extracts show the opinions of thoughtful men acquainted with our schools, and should have great weight throughout the State. Will you kindly give the matter your immediate attention and do all that you can to thus strengthen our present public-school system?"

# POLITICAL AMENDMENTS EXPLAINED.

Some Questions for the  
Voters to Decide.

Final Republican Rally  
This Evening.

Last Big Meeting, Although  
Smaller Ones Will Be  
Held Next Week.

Nine proposed amendments to the State Constitution will be submitted to voters at next Tuesday's election. Their position is in the extreme right-hand column of the ballot, and they appear in the following order: Senate Amendment No. 4, relating to the public school system and the support of public schools; Senate Amendment No. 12, relating to the division of the State into fish and game districts; Senate Amendment No. 3, relating to the exemption from taxation of all bonds issued by the State of California and by counties, cities and other divisions; Senate Amendment No. 6, relating to city charters; Assembly Amendment No. 25, relating to the hours of labor on public work; Senate Amendment No. 14, relating to elections; Senate Amendment No. 10, relating to the establishment of state highways and providing for the construction and maintenance thereof; Assembly Amendment No. 23, relating to the appointment and election of a State commissioner; Senate Amendment No. 13, relating to the prosecution of offenses by information.

**PURPORT OF AMENDMENTS.**  
Amendment No. 4, relating to schools, provides for a general law to be passed throughout the State for the support of high schools and technical schools. It makes the high school a State institution of a district institution. The tax for their support is to be in addition to the common-school tax. The proposed amendment is explained more fully in another column of this issue, together with the endorsement of educators and others who are working for its adoption.

**FISH AND GAME DISTRICTS.**  
Amendment No. 12 proposes to add to Article IV of the Constitution a new section providing for the division of the State into fish and game districts and giving power for the enactment of such laws as may be deemed necessary for the protection of fish and game in the various districts. The law will permit farming districts to obtain the repeal of all laws prohibiting any man from killing any game at any season on his own land.

**EXEMPTION OF BOND TAX.**  
Amendment No. 3 provides for the exemption from taxation of all bonds issued by the State of California, or by any county, city and county, or by any municipality, municipal corporation of any sort, or district (including school, reclamation or irrigation districts) within the State. The amendment is proposed as an addition to Article XIII.

**SPECIAL CHARTERS.**  
Amendment No. 6 proposes to permit cities of the State of 250 or more to frame charters for their own government upon a majority vote, instead of a three-fifths vote, as required at present. It also provides that the city council and boards of supervisors shall submit charter amendments upon petition of 15 per cent. of the electors.

**EIGHT-HOUR DAY.**  
Amendment No. 25 proposes eight hours as a legal day's labor on any public work of the State of California, or of any county, city or other political subdivision of the State. The proposition is to make this amendment applicable whether the work be done by contract or otherwise.

**ELECTION MACHINERY.**  
Amendment No. 14 adds a new section to Article II of the Constitution, authorizing the use of different methods in various parts of the State for the receiving and registering of the popular vote. Voting machines may be used at the option of local authorities.

**STATE HIGHWAYS.**  
Amendment No. 10 proposes to give authority to the Legislature to levy taxes for the construction of State roads, and provides also for the maintenance thereof.

**STATE COMMISSION.**  
Amendment No. 23 authorizes the creation of a State commission, with the powers of the present Railroad, Bank and Insurance commissions and Boards of Supervisors with respect to franchises, taxation, regulation and operation of public utilities, banks and insurance companies. It is proposed that the first commission of five members be appointed by the Governor, each to serve from two to ten years, and future commissioners to be elected by the people. The proposed amendment is opposed strongly throughout the State by the Republican State Convention also protesting vigorously against its adoption.

**GRAND JURY ABOLITION.**  
Amendment No. 13 proposes the abolition of the grand jury system, thereby abolishing the grand jury system.

**TONIGHT'S BIG RALLY.**  
Republicans will hold the final big rally of the campaign this evening at Hazard's Pavilion under circumstances that promise to make it the most successful since the notable meeting held by Dr. Purdie at the same place a few weeks ago.

All the prominent marching clubs of Southern California will be in attendance, and it is expected that there will be a large attendance of visitors from surrounding towns. A monster torch-light parade will precede the meeting, and there will be an abundance of red fire and pyrotechnics. "Teddy's Terrors" will add to the gaiety of the occasion with an abundance of ammunition, and they will pay particular attention to their guests, the Columbia Marching Club of Santa Ana, which treated the "Terrors" so delightfully last week on their tour through the South.

Gov. Gage is expected to preside at the meeting, and addresses will be made by Senator M. J. Shortridge, San Francisco and Congressman McLaughlin of Pasadena. Many Republican members will occupy seats on the stage, and Robert W. Brown will be grand marshal of the parade, which will include four divisions. The line of march will be from Third street north on Main temple, south on Spring to Fifth

and west on Fifth to the... the first division will be... Navy League, the American Club of Pasadena, and Republicans from out of town. Carriages containing the speakers and members of the Reception Committee will comprise the second division, and in the third division the Columbia Club, in its pretty uniform of white and red, will march as the special guests of "Teddy's Terrors." Republicans of the First, Second, Third and Fourth wards will fall in line behind these clubs, and in the fourth division the Republicans of the remaining wards will march with colored and Spanish-American voters.

The first division will form on the west side of Main street, with its right resting on Fourth street; the second division on the east side of Main street, with the right on Fourth street; the third division on the west side of Main street, with the left resting on Fourth street, and the fourth division will form on the east side of Main street, with the left resting on Fifth street. Late this afternoon a banquet will be served for the Columbia Club at the Roslyn Hotel, "Teddy's Terrors" acting as hosts. Covers will be laid for 200.

**SAMPLE BALLOTS OUT.**  
THOUSANDS IN THE MAIL.  
Forty-eight thousand sample ballots are circulating through the postal system of Los Angeles county or have been delivered to voters. The last bundle of the sample sheets that has been issued for general information were mailed from the office of County Clerk Bell last evening, thereby coming into the provision of the law that declares that the ballots must be mailed at least three weeks before election. With each sample are a set of instructions to voters and a circular explaining the constitutional amendments. Several thousand sample ballots were mailed in excess of the actual number of registered voters, the difference being caused by the fact that many voters transferred from one precinct to another and a sample ballot was sent to each address.

All election supplies for precincts outside the city of Los Angeles have been sent out, there being eighty-six sets of supplies, which range from precinct holders to voting booths. Supplies for the ninety-nine city precincts will be delivered Sunday.

**Ninth Ward Republicans.**  
Red-hot Republican doctrine was served last night to the Ninth-warders to the number of a hundred or more who assembled in the main hall on Boyle Heights. They received it with enthusiasm. W. A. Woods presided at the meeting, which was held under the auspices of the Ninth Ward Republican Club. The principal address was made by George W. Burton, who, for almost an hour, expounded Republican faith. He closed by urging the Republicans to "stand pat" and do their best in the support of their next Tuesday. E. W. Camp, candidate for the Assembly, also addressed the meeting. The Ninth Ward Republican Club has voted to turn out in a body to parade this evening.

**Braves on Boyle Heights.**  
The frogmen shot holes in the atmosphere of Boyle Heights last evening as a preliminary to a Democratic blowout held in Korbel Hall. Uncle Billy Workman presided, and there were almost as many office-seekers in attendance as possible converts. The principal address was made by Frank J. Wilson, for Sheriff; Milton K. Young, for Superior Judge; Lucien Earle, for Superior Judge; R. J. Johnson, for District Attorney; C. A. Johnson, for Congress; W. H. Smylie, for Police Judge, and Edward L. Hutchinson, for State Senator.

A lively meeting of Spanish-Americans was held last night in S.I.M.B. Hall, No. 730 Buena Vista street. The meeting was held in the hall, J. B. Sanchez presided, and spoke in Spanish for the whole Republican cause. Rafael P. Sepulveda and Oscar Chavez also spoke in Spanish, and Judge C. C. McComas read several of the local candidates addressed the assembly in English. The hall was filled to the doors, and there was marked enthusiasm.

**Political Briefs.**  
The troopers club, to the number of 200, go to Pasadena this evening, at 6 o'clock, in buckskin and war paint and loaded guns to shoot up the town. The Democratic candidates will speak at an open-air meeting in the business center of Pasadena. On Monday night the braves will again parade, and attend an open-air Democratic rally, at the corner of Fifth and San Pedro streets.

The Republican meeting at Moore's Hall, on Downey avenue, last night, was turned over to the candidates. Short talks were made by Mark Jones, Ben E. Ward, J. D. Fredricks and Calvin Hartwell. The best of feeling prevailed, and the speakers were warmly applauded.

Judge H. C. Gooding addressed the Republicans at the Pico-Sleigh last evening at Kempton Hall, corner Pico and El Molino streets. Other speakers were J. B. Sanchez, candidate for the Senate from the Thirty-fourth District, and H. S. G. McCartney, Assembly candidate from the Seventy-third District.

Col. Frank J. Sibley, prohibition candidate for the Assembly in the Seventeenth District, will address a meeting this evening at the corner of Thirty-sixth street and Wesley avenue.

Unable to find a candidate willing to make the race for City Auditor against E. E. Unger, the Republican incumbent, the committee for the election of the Republican State Convention also protesting vigorously against its adoption.

**GRAND JURY ABOLITION.**  
Amendment No. 13 proposes the abolition of the grand jury system, thereby abolishing the grand jury system.

**REPUBLICANS AT PAVILION.**  
Republicans will hold the final big rally of the campaign this evening at Hazard's Pavilion under circumstances that promise to make it the most successful since the notable meeting held by Dr. Purdie at the same place a few weeks ago.

All the prominent marching clubs of Southern California will be in attendance, and it is expected that there will be a large attendance of visitors from surrounding towns. "Teddy's Terrors" will add to the gaiety of the occasion with an abundance of ammunition, and they will pay particular attention to their guests, the Columbia Marching Club of Santa Ana, which treated the "Terrors" so delightfully last week on their tour through the South.

I have used three bottles of Wine of Cardui and have derived so much benefit from it that I feel it but fair to let you know how much good your splendid medicine has really done me.

Steady application to business during the warm weather prostrated me last August so that I was unable to keep up my duties. My head ached and I felt dizzy and weak. As my appetite failed me for some time, I was sick and faint. I had dreadful bearing down pains so that I finally had to give up. The doctor prescribed for me without benefiting me any and so one of the members of the club to which I belonged advised me to try Wine of Cardui, as it had cured her of female weakness. I started to take it the next day and am glad I did, for in a few days I felt so much better that I was back at my desk. I kept up the treatment until I had taken three bottles, when I felt completely cured. I have no pains any more, my work seems like play, I have a fine appetite and restful sleep, so recommend Wine of Cardui to all suffering women.

## REPUBLICANS ENTHUSIASTIC IN SAN BERNARDINO.

## CLOSING RALLY LAST EVENING LARGELY ATTENDED.

Smallpox Breaks Out in Central School, Three Pupils Being Affected—Trust Deed for Ten Million Dollars Filed for Record.

SAN BERNARDINO, Oct. 31.—The closing rally of the campaign held at the opera house tonight on the occasion of the visit of Capt. M. J. Daniels of Riverside, nominee for Congress from the Eighth District, was largely attended and was characterized by a degree of enthusiasm that augurs well for the party vote Tuesday. Capt. Daniels arrived from Riverside late in the afternoon and was tendered an informal reception from 5 to 6 o'clock in the parlors of the Stevens hotel by the Army and Navy League and the Republican League Club. Scores of voters of all political faiths called to pay their respects.

Shortly after 6 o'clock the guest of honor, the speakers of the evening, some of the county candidates and the members of the Reception Committee, sat down to a sumptuous supper served in the north parlors of the hotel. Then the band commenced to play, outside, and by 8 o'clock Third street near E was thronged. The line of march was taken up to the opera house, the Army and Navy League marching as escort, and Third and D streets being aglow with red fire.

The meeting was called to order by Arnold Atwood, president of the Republican League, who introduced the Senator Seymour as chairman of the evening. The speakers included Maj. P. C. Prescott of Redlands, Republican nominee for the Assembly from this district; Capt. Daniels, W. M. Beck, Sec. of Riverside school, Smith of Bakersfield and Congressman James McLaughlin of Pasadena, who delivered the principal address of the evening, dwelling particularly on the good work accomplished by Capt. Daniels at Washington a few years ago in obtaining an increased tariff on citrus fruits.

Smallpox broke out in the Central schoolhouse this afternoon, no less than three pupils breaking out with eruptions. Several children complained of not feeling well, but as they did not appear to be ill the teachers thought little of the matter until this afternoon, when three became quite sick and small eruptions began to appear on their faces. They were sent home at once and the Health Officer was summoned. After careful examination he emphatically pronounced the children to be afflicted with smallpox. By that time it was too late to take action in regard to closing the school, and this will probably be ordered tomorrow.

**BIG TRUST DEED.**  
A trust deed from the Edison Electric Company to the Los Angeles Trust Company, and the United States Mortgage and Trust Company of New York, has been filed for record. It stands for \$10,000,000, and is the largest trust deed ever filed in the county. The Edison Electric Company needed the sum named to carry on its business of furnishing light and power to the city of Los Angeles. To secure the money, the company has issued 10,000 \$100 bonds, each of which were taken by the trust company, and which are secured by the trust deed, covering all of the company's real estate, including power houses, water rights, etc., in Southern California. Among the items is the longest street car line in the world, extending from the Santa Ana Canon to Los Angeles a distance of about seven miles. All of the company's property is located in this county.

**SPEECHER THE VICTIM.**  
The Anti-Saloon League has sent circulars throughout the county, proposing of next Tuesday a election and in a measure defining the league's attitude toward the county candidates. L. M. Sprecher of Colton, the Republican nominee of the league's victim, as the one upon whom, in the opinion of the circular, "we must now make our strength felt." The personality of no other nominee is even criticized, but Judge Sprecher is branded as a man "whose drinking habits should have prevented any party from nominating him."

**SAN BERNARDINO BREVIETTES.**  
Janh Russ, who was arrested several months ago for stealing a watch and some clothing from the home of Jack O'Neil, pleaded guilty yesterday afternoon to a charge of burglary in the second degree, and was sentenced to two years at Folsom. same day from the Anti-Saloon League of San Bernardino, addressed to the voters of the county, and it showed conclusively that somebody is trying to "pull the strings" through the league, for this communication is at variance with the first one and boldly indorses three candidates on the Democratic ticket. The members of the aggressive organization who reside in this city are very generally for temperance first and Republicanism next, and they do not take kindly to the idea of dragging the league into service for the Democrats, when some of the Republican nominees are members of the league.

**WAS IT SUICIDE?**  
The death of Mrs. R. B. Meek of Sylvestra street yesterday is thought to have been premeditated, for she had told neighbors that she intended taking poison to end her unhappy existence. For some time there had been trouble between her and her husband. The other day she called upon the officers to protect her while she went into her home to get her personal belongings. This they did, and then she left home for a day. She returned to die, presumably by taking a dose of poison. Dr. P. S. Anderson labored with her and thought she was past the danger point, and now believes that another dose of the deadly drug. Neighbors of the unhappy couple tell of much trouble in the household and the wife's health was rapidly declining to end her existence.

**PROHIBITION PICNIC.**  
A number of Prohibitionists spent today at Fairmount Park, picnicking and listening to speeches and singing. Theodore Kanouse, their candidate for Governor, and Ellsworth Leonardson, the Congressional nominee, arrived in the afternoon. The occasion was enlivened by the singing of temperance songs by Mr. and Mrs. Horace Simmons of this city. In the evening the candidates again addressed the people at Y.M.C.A. Hall.

**RIVERSIDE BREVIETTES.**  
An invitation social was given at Odd Fellows' Hall last evening under the auspices of Hiawatha Tribe, Improved Order of Red Men. The programme included an address of welcome by H. C. Hibbard, recitations by Mrs. Kendall Holt, Mrs. Grout and F. J. Lindall; vocal solos by Mrs. E. H. Grout, P. Blum and E. E. Bone; a mandolin solo by O. Boyer and music by the Red Men's Orchestra.

Word has been received of the death, Sunday at Ensenada, of John P. Russell, a young man well known in Riverside. The deceased has held a respectable position in several years past at Ensenada. Walter A. Russell, who brings the news of John's death, went to Ensenada in July, and he and Russell have been in business together since that time. Both contracted a slow fever, which in John's case proved fatal.

George Robert Ferguson and Miss Anna D. O'Brien were married yesterday afternoon at the home of the bride's parents, Mr. and Mrs. C. O. O'Brien. The ceremony was performed by Benjamin S. **SANTA BARBARA COUNTY.**  
**DEATH OF OLDEST FRANCISCAN.**  
SANTA BARBARA, Oct. 31.—A telegram was received this morning from Watsonville, announcing the death at that place of Father José Todoli, who was formerly one of the Franciscan fathers at the old mission in this city. He had been a member of the order for more than 60 years. His death was not unexpected. Father José, as he was known here, was the oldest member of the Franciscan brotherhood on the Pacific Coast. He was born in 1829 and joined the order in 1852. He was well known throughout the southern part of the State and was very popular among the people and the members of the religious order to which he belonged.

**SANTA BARBARA BREVIETTES.**  
A deal has been closed as a result of which Santa Barbara will have an hotel for the winter. The deal was made by the Santa Barbara building, at State and Annapolis streets, built a few years ago for hotel purposes, but occupied as a school during the winter. It has been leased by John F. Gould, proprietor of the Victoria, who will thoroughly renovate the building and fit it up as a first-class hotel.

## HE TALKED ABOUT SIAM.

An Interview With Hon. John Barrett.

The King, Country and Crown Prince.

The King a Man of Ability—Modern Improvements in Bangkok.

[North China Daily News, Sept. 26.] The Crown Prince of Siam will arrive in America en route home from Europe about October 1. After remaining in the United States until the middle of November, he will sail from San Francisco for Japan, and then proceed south, via Shanghai and Hongkong, to Bangkok. He should reach this neighborhood about January 1. Taking advantage of the presence in Shanghai of John Barrett, late United States Minister to Siam, and now Commissioner-General to the Orient for the St. Louis World's Exposition, the North China Daily News has secured from him the following interview about Siam, the King, and his son, the Crown Prince, which will be of interest, in view of the latter's return home after an absence of ten years in England. Mr. Barrett said: "The return of Vajiravudh, the Crown Prince of Siam by the way of America, Japan and China, has more than the usual significance attached to the visits in foreign lands of such princes. While the assertion cannot be made as absolutely positive, it is not improbable that, if the Crown Prince returns favorably on his reception and experiences in these lands, his father, the King, Chulalongkorn, the real ruler of Siam, will permit, in the future, the Crown Prince to visit America by the way of Japan. There is no doubt that he would like to undertake this tour, if political conditions in Siam will permit. It is a question, moreover, in my mind, that he would be well received in America. The reputation of Siam with him and his remarkable kingdom is being developed through interest in the visit of his son."

"From remarks we sometimes hear, made by those unfamiliar with the tenacious and brilliant character of Chulalongkorn, and with the progress and prosperity of Siam, it would seem as if there was general ignorance of the King. There is none to rival him, and of the conditions and possibilities of his country. The King is undoubtedly a man of rare ability and force. He may have his faults and weaknesses like all rulers, but he certainly possesses an exceptional knowledge of his people. He is the one man in Siam that would be chosen King.
